

VickyDavilaH (0.05)

The image displays a complex network graph visualization. A dense, intricate web of red lines represents the connections between nodes. The nodes are represented by small green dots. The graph is highly interconnected, with many lines crossing each other. The text "VickyDavilaH (0.05)" is overlaid in the center of the graph. Several nodes are labeled with text, including "Cathy2208 (0.05)", "petriy-2010 (0.93)", "T1", "Zhang100", "H100", and "H100 (0.5)". The background is white, and the overall structure is circular, with the densest part of the graph in the center.
